Type: River Grant
Subtype: River Planning Grant

Start Date: 01/01/1960

Purpose:
Objective: With these goals in mind, the program provides assistance to a variety of project sponsors to undertake their chosen river protection projects. A wide array of activities are eligible for grant assistance, ranging from information gathering to land acquisition and management. The possibilities are explained in greater detail later in this booklet. The grants are given to support new projects, not subsidize current, ongoing operations or replace existing funds; all projects will be evaluated under this premise.
Comments:
Outcome: River planning grants up to \$10,000 are available for organizational development projects that assist in the formation of a qualified river management organization or strengthen the capacity of an existing organization to protect or improve rivers and natural river ecosystems, for river improvement education projects, and for river-related assessments and plan development.
