

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: RP-090-05
Name: BAYFIELD REGIONAL CONSERVANCY: Citizen Involvement in the Bad River Waters Association Data Gathering
Type: River Grant
Subtype: River Planning Grant
Status: COMPLETE
Start Date: 07/01/2004
End Date: 12/31/2006
Purpose: The Bayfield Regional Conservancy, in cooperation with the Bad River Watershed Association will sponsor a project focusing on education and membership enhancement, water quality monitoring, culvert assessment, and development of a strategic plan for restoration of fish passage and erosion control at road stream crossings.

The Bayfield Regional Conservancy will hire a volunteer coordinator to oversee the implementation of this project. This project will expand the existing water quality monitoring project with a goal of 18 monitoring sites total. The culvert assessment will continue and be expanded. Criteria for culvert restoration projects will be developed and prioritized. Culvert workshops will be provided for local town officials, road crews and a strategic plan for culvert improvement will be developed and presented.

Education efforts will include increased mailing of newsletters, surveys, volunteer training, and a leadership plan development. The BRWA bylaws will be evaluated for potential changes and updates.

Deliverables for this project include the data reports; a summary of volunteer involvement; copies of educational newsletters; the strategic plan for culvert repair and river restoration; the leadership development plan.

The Department of Natural Resources will be provided with both a paper copy and an electronic copy of all project products.

Objective:
Comments: Grantee is BAYFIELD REGIONAL CONSERVANCY
