

## Wisconsin Department of Natural Resources SWIMS Project Summary

### General Project Information

**Project ID:** LPL-244  
**Name:** DANE COUNTY: Lower Mud Lake Management Planning  
**Type:** Lakes Grant  
**Subtype:** Large Scale Lake Planning  
**Status:** COMPLETE  
**Start Date:** 10/18/1994  
**End Date:** 12/31/1999  
**Purpose:** Obtain information on aquatic plant species in Lower Mud Lake and adjacent wetlands. Based on information obtained, determine plant management activities. Identify physical and chemical in-lake water quality conditions and assess how these conditions affect overall resource functions and uses. Assess existing land uses in the watershed and recommend management practices to control nonpoint source pollution. The grantee will disseminate information to the public by newsletter, entire report and summary report mailings and public meetings. Project results will be reposted at Dane County Lakes and Watershed Division, DNR Southern District and Regional Planning Commission.  
**Objective:**  
**Comments:**  
**Outcome:**  
**Study Design:**  
**QA Measures:**

LOWER MUD LAKE MANAGEMENT PLANNING	This report completes the Department of Natural Resources request for further information regarding a review and analysis of data provided by Applied Ecological Services and the development of a project boundary map showing acquisition program recommendations and priorities for the Lower Mud Lake Planning Grant LPL-244. The following report will attempt to fulfill those requested tasks, allowing the Department to reimburse Dane County for work undertaken as part of the Lake Planning Grant LPL-244.
