

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: LPL-368
Name: LITTLE ELKHART LAKE REHABILITATION DISTRICT: Little Elkhart Lake Water Level Study
Type: Lakes Grant
Subtype: Large Scale Lake Planning
Status: COMPLETE
Start Date: 04/01/1996
End Date: 12/31/1997
Purpose: The Little Elkhart Lake Rehabilitation District proposes to conduct a water level study of Little Elkhart Lake. Project activities include 1) a review of the design and placement of the existing high water outlet control structure in Little Elkhart Lake, 2) determine the potential impact of private water supply wells with the potential to impact the lake's water level, 3) develop a diagnostic feasibility study of alternative measures to stabilize high and low water levels. The sponsor will prepare a final report on the project results and provide the Department of Natural Resources with a paper copy and an electronic copy. The sponsor will disseminate information to the public by newsletter, fact sheet distribution, public meeting, and summary report mailing.
