

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: LPL-568
Name: TOWN OF HUBBARD: Horicon Marsh - Sinissippi, Rock River at Horicon
Type: Lakes Grant
Subtype: Large Scale Lake Planning
Status: COMPLETE
Start Date: 10/01/1998
End Date: 12/31/2000
Purpose: The Lake Sinissippi Association, in Cooperation with the Horicon Marsh Association and the USGS will operate a stage discharge station on the Rock River at Horicon. Data collected will be combined with data from two other stations and be used to provide a better understanding of sediment and Phosphorus loads entering Horicon Marsh, leaving Horicon Marsh, and entering lake Sinissippi. This information is necessary to know what is causing observed water quality problems and how to return the Marsh and Lake to a healthy ecosystem.

A full description of project scope and project deliverables is available in the grant application, which is part of this agreement.

The DNR will be provided with both a paper copy and an electronic copy of the final report. Information will be disseminated to the public as described in the grant application.

Objective:
Comments: Grantee is TOWN OF HUBBARD
Outcome:
Study Design:
