

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: RM-020-04
Name: TROUT UNLIMITED-LAKESHORE CHAPTER: Onion River Restoration Project
Type: River Grant
Subtype: River Protection Grant
Status: COMPLETE
Start Date: 07/01/2003
End Date: 12/31/2005
Purpose: This grant is to conduct a river restoration project on the Onion River in Sheboygan County, Wisconsin. The goal of the Onion River restoration project is to return the stream to its previous condition as a blue ribbon trout stream with a substantial and self-sustaining population of wild trout. This grant will be used for the improvement and restoration of the Onion River from County Highway "U" and continue upstream to County Highway "E".
 A final report shall be made to the WDNR on all activities performed and completed for this grant agreement. Work will be documented in written and photographic form.
 Amended scope Jan. 11, 2005 - Expand restoration footage from 2000 to 4000 feet. The work includes improving stream flow through narrowing and deepening, placement of lunkers for bank stabilization & trout habitat and placement of rock instream for habitat & food growth.
