

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: RP-017-01
Name: GRANT COUNTY: Castle Rock Creek Watershed Committee
Type: River Grant
Subtype: River Planning Grant
Status: COMPLETE
Start Date: 10/18/2000
End Date: 12/31/2002
Purpose: The Grant County LCD will work with local groups to generate data and distribute information in order to build public understanding of the unique character of the Upper Fennimore Fork (Castle Rock Creek) watershed and increase public support for efforts to protect it. Specifically the project will: 1) establish a one year stream assessment and monitoring network; 2) provide additional information concerning the local impact of proposed NPS Rules; 3) provide a listing and description of stream restoration alternatives, design considerations, and costs; 4) assist the WDNR and Grant County LCD to complete contracts for Best management Practices (BMPs); and 5) distribute the results, conclusions, and information via brochures, local newspapers, and other media, at field and indoor workshops, and by constructing an educational kiosk located near the creek.

A full description of the project scope and deliverables is available in the grant application, which is part of this agreement. The DNR will be provided with both a paper copy and an electronic copy of the final report. Information will be disseminated to the public as described in the grant application.

Objective:
Comments: Grantee is GRANT COUNTY
