

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: BL01-12271-06
Name: CITY OF PRAIRIE DU CHIEN: Stormwater Ordinances & Utility
Type: NPS Grant
Subtype: Urban Nonpoint - Stormwater Planning
Status: COMPLETE
Start Date: 10/01/2005
End Date: 12/31/2007
Purpose: To develop/revise municipal runoff ordinances in compliance with Chapter NR151 and examine options for dedicated revenue sources.
Objective: The project completed the process to create a storm water utility and adopt ordinances to comply with current state storm water regulations, specifically NR 151 and NR 216. This process was carried out except for final adoption. The City decided to hold off on the final adoption at this time.

 The ordinances included Illicit Discharge Detection, Subdivision Ordinance, Erosion Control and Storm Water Management, and Wellhead Protection Ordinance. There was a group of local business owners who decided to fund storm water management practices to the City to deter utility creation. The City agreed to this approach during the next three years. After which business performance at storm water management will be evaluated.
Comments: Grantee is CITY OF PRAIRIE DU CHIEN
Outcome: The process to complete a storm water utility was completed and once Implemented will provide the City a dedicated and consistent revenue stream to pay for storm water related expenditures, evaluate development proposals, and protect local water resources. In addition, the utility allows the City to implement additional elements to their Storm Water Master Plan, promote public education and involvement, and to improve local bodies of water by implementing appropriate storm water Best Management Practices.
