

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: BCPC_WQMPlan_2015
Name: BCPC WQM Plan Contract, Reports 2015
Type: Water Quality Planning
Subtype: AWQMP Program
Status: COMPLETE
Start Date: 01/01/2015
End Date: 12/31/2015
Purpose: Brown County Planning Commission (BCPC) contracted with the Wisconsin Department of Natural Resources (WDNR) for services to be provided as set forth in the work program. The program is itemized into three work elements, which are outlined in detail. The work elements include 1) Areawide Water Quality Management Planning/Sewerage Planning; 2) Erosion Control Plan Review and Enforcement; and 3) Storm Water Management Plan Review and Enforcement.

Objective: Brown County continues to be a rapidly urbanizing county, especially within towns adjacent to the incorporated metropolitan communities. According to the 2010 U.S. Census estimates, Brown County is the fourth most populous county in Wisconsin, and between 2000 and 2010, Brown County experienced an eight percent increase in population of approximately 21,349, for a total population of 248,007. As the fourth highest populated county in the State of Wisconsin, Brown County represents 9.4 percent of the state population. The City of Green Bay is the third most populous incorporated place in Wisconsin with a population of 104,057. The unincorporated Town of Ledgeview experienced a 48.7 percent increase in population with a population of 6,555, and the Town of Lawrence experienced a 63.9 percent increase with a population of 4,284. Creating/maintaining/facilitating controlled growth with cost effective public facilities is the project objective.
