

## Wisconsin Department of Natural Resources SWIMS Project Summary

### General Project Information

**Project ID:** LPT-489-15  
**Name:** GREEN LAKE SANITARY DISTRICT: HLk-Green Lake Fish Sticks  
**Type:** Lakes Grant  
**Subtype:** Lake Protection Grant  
**Status:** COMPLETE  
**Start Date:** 04/15/2015  
**End Date:** 12/31/2017  
**Purpose:**

Green Lake Sanitary District will implement best practices described in Wisconsin\2019s 2014-2017 Healthy Lakes Implementation Plan. Practices include: fish sticks, 350 feet<sup>2</sup> native plantings, diversion practices, rock infiltration practices, and rain gardens on 6 lakeshore properties. The District will also monitor fish sticks \2013 dependent habitat. The best practices require a contract to remain in effect for 10 years and must include minimum operation and maintenance requirements and data as described in grant condition #16. If best practice(s) are implemented on land owned by the grant Sponsor, this Lake Protection Grant Agreement serves as the contract. If best practice(s) are implemented on land other than the sponsor\2019s, a contract between the sponsor and landowner that abides by grant condition #16 is required.

The Department may require re-payment of project installation costs if the best practice is disturbed or removed. The Sponsor and/or the Department may perform site inspections and/or monitoring to ensure project success.

Deliverables: Best practice location and design information, if not included in the application; signed 10-year landowner contract; pre and post project installation photographs; summary of education activities and publicity/promotion of Healthy Lakes initiative, if applicable; and habitat monitoring results.

Special conditions: The state share of each best practice cannot exceed \$1,000. Grant administration and technical assistance costs may not exceed 10% of the state share of the total grant award; technical assistance does not include implementation labor. Funding cannot be used for mitigation or regulatory compliance activities. Water regulation and/or county zoning permits must be issued before construction. The Healthy Lakes logo should be used for promotion and publicity, and DNR recognized as a funding source.

**Objective:**  
**Comments:** Grantee is GREEN LAKE SANITARY DISTRICT  
**Outcome:**  
**Study Design:**  
**QA Measures:**
