

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: LPT-492-15
Name: TOWN OF BELLE PLAINE: HLK-Clover Leaf Healthy Lakes
Type: Lakes Grant
Subtype: Lake Protection Grant
Status: COMPLETE
Start Date: 04/15/2015
End Date: 12/31/2017
Purpose: The Town of Belle Plaine will implement best practices described in Wisconsin's 2014-2017 Healthy Lakes Implementation Plan on the Cloverleaf Lakes. Practices include: fish sticks, 350 ft2 native plantings, and rain gardens on at least 12 properties, including the Gibson Island and Round Lake Park demonstration sites. The best practices require a contract to remain in effect for 10 years and must include minimum operation and maintenance requirements and data collection as described in grant condition #16. If best practice(s) are implemented on land owned by the grant Sponsor, this Lake Protection Grant Agreement serves as the contract. If best practice(s) are implemented on land other than the sponsor's, a contract between the sponsor and landowner that abides by grant condition #16 is required. The Department may require re-payment of project installation costs if the best practice is disturbed or removed. The Sponsor and/or the Department may perform site inspections and/or monitoring to ensure project success. Deliverables: Best practice location and design information, if not included in the application; signed 10-year landowner contract; pre and post project installation photographs; summary of education activities and publicity/promotion of Healthy Lakes initiative, if applicable. Special conditions: The state share of each best practice cannot exceed \$1,000. The state share of grant administration and technical assistance costs may not exceed 10% of the grant award; technical assistance does not include implementation labor. Funding cannot be used for mitigation or regulatory compliance activities. Water regulation and/or county zoning permits must be issued before construction. The Healthy Lakes logo should be used for promotion and publicity, and DNR recognized as a funding source.

Objective:
Comments: Grantee is TOWN OF BELLE PLAINE
Outcome:
Study Design:
