

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: East_12_CMP17 ATTAINS
Name: Follow-up lake monitoring 2017
Type: TMDL/303d Projects
Subtype: Identify Impaired Waters
Status: COMPLETE
Start Date: 01/01/2017
End Date: 12/31/2019
Purpose: Follow Up monitoring at sites where our data suggests that there might be an impairment but we do not have the minimum data requirements to make an impairment decisions based on WisCALM guidance.
Objective: Why is the project necessary and what management question is to be addressed? Describe the specific information for the sites to be addressed as part of the project. In providing this information, include the number of sampling locations, the WBIC of the water bodies to be sampled, and other relevant information.
Comments: Is this a New or Continuing project? 1 year or 2?
Outcome: Impairment decisions on selected streams and lakes for Wisconsin's Impaired Waters list, 303(d).
