

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: AEPP52217
Name: SOUTHWEST BADGER R C & D: AIS Education Prevention & Planning (NORTH)
Type: Aquatic Invasives Grant
Subtype: Aquatic Invasives Education
Status: PROPOSED
Start Date: 04/15/2017
End Date: 12/31/2018
Purpose: Southwest Badger Resource Conservation & Development will monitor for AIS and conduct outreach and education in the 5-county area (Crawford, La Crosse, Richland, Sauk and Vernon counties), in addition to acting as AIS rapid response liaison with DNR. They will also begin implementing an AIS plan for the Kickapoo River watershed including Jersey Valley Lake, where Japanese hop and other aquatic invasive species are located, to help control new and existing populations. Outreach will be accomplished via developing and enhancing social media, hosting work parties to attract volunteers, and build relationships with landowners, and local and other government staff. Partnership building will include soliciting commitments to further peoples' 2019 actions for reducing spread and controlling AIS. Project results will be shared through press releases and newsletters, website and Facebook, mailing lists, and at monthly meetings.
