

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: RM07017
Name: ASHLAND COUNTY: (319) Streambank Protection on Brunsweler River
Type: River Grant
Subtype: River Protection Grant
Status: COMPLETE
Start Date: 04/15/2017
End Date: 12/31/2018
Purpose: Ashland County Land & Water Conservation Department is sponsoring a 1 year River Planning Grant to help increase protection of the Brunsweler River by reducing soil erosion and sediment loading.

Deliverables include: 1) final report summarizing the project accomplishments/progress with descriptions of research and planning, conservation activities including erosion control/storm-water management and stream bank stabilization efforts, photographs & maps of construction such as vegetation buffers, deflectors, bank protection, and vortex weir, outreach activities and any resulting conservation collaborations with landowners and partners shall be described.

Special conditions: applicable water regulation permits must be issued before construction activities commence.

This scope summarizes the project detail provided in the application and does not negate tasks/deliverables described therein. Data, records, and reports, including GIS-based maps and digital images, must be submitted to the Department in a format specified by the River Management Coordinator. The DNR shall receive a paper and electronic copy of the final report.

Objective:
Comments: Grantee is ASHLAND COUNTY
