

## Wisconsin Department of Natural Resources SWIMS Project Summary

### General Project Information

**Project ID:** LPT58118  
**Name:** CHUTE LAKE P & R DISTRICT: HLK- Chute Lake Pond Healthy Lakes 2018  
**Type:** Lakes Grant  
**Subtype:** Lake Protection Grant  
**Status:** COMPLETE  
**Start Date:** 04/15/2018  
**End Date:** 12/31/2020  
**Purpose:** Partnering with property owners, Chute lake Protection and Rehabilitation District #1 is sponsoring a grant to implement water quality and habitat best practices from Wisconsin's 2019s Healthy Lakes Implementation Plan. Best practices, including Diversion Practices Raingardens, Native plantings, and Rock Infiltration, will be designed and installed according to the Healthy Lakes fact sheets, technical guidance and grant application.

All funded best management practices require a contract that must remain in place for 10 years and include the minimum operation and maintenance requirements described in grant condition #24 of this agreement. If the landowner is the grant sponsor, the Lake Protection Grant agreement serves as the contract. If the best practices will be implemented on land other than the sponsor's, a Conservation Contract between the sponsor and the land owner describing the 10-year contract period, minimum operation and maintenance details, and data to be collected is required. The Department may perform site inspections and/or monitoring to ensure project success.

Deliverables include: Signed 10 - year land owner Conservation Contract (s) with operation and maintenance requirements; data collected; pre and post project installation photographs; and a summary of education activities publicity/promotion of Healthy Lake initiative, if applicable.

Special conditions: State share of each best practice shall not exceed \$1,000. Project management and technical assistance costs cannot exceed 10% of the state share of the grant award; this does not include implementation labor. Water regulation and/or county zoning permits must be issued before construction, and all regulatory requirements apply.

The Healthy Lakes logo should be used for promotion and publicity and DNR recognized as a funding source. This scope summarizes the scope in the grant application and attachments and does not supersede those application tasks/deliverables.
