

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: RP-144-08
Name: ROCK RIVER COALITION, INC: Rock River Basin-Phosphorus Sampling Initiative
Type: River Grant
Subtype: River Planning Grant
Status: COMPLETE
Start Date: 07/01/2007
End Date: 06/30/2010
Purpose: The primary goal of this project is the initial planning and development of a comprehensive phosphorus sampling plan for the Rock River Basin using volunteers. Objectives include: 1) developing a ranked list of sampling sites; and 2) developing a complete monitoring plan to include sites, final protocols, partners, responsibilities, etc.

Please note: Final report deliverables help us ensure that the grant has been satisfactorily completed, and that state dollars are being spent wisely. Every deliverable, no matter how minor, must be completed in order to receive full reimbursement for the state share of costs. Ranking questions used to obtain this award, and specific deliverables mentioned in your grant description, constitute final report deliverables. If any deliverable is not adequately provided in the final report, only partial reimbursement, at the department's discretion, will be made. The only exception will be if there is a well-justified and department-approved scope amendment. If you have any question about what a specific ranking question or other deliverable means, please contact your river coordinator BEFORE you sign this agreement.

Objective:
Comments: Grantee is ROCK RIVER COALITION, INC
