

## Wisconsin Department of Natural Resources SWIMS Project Summary

### General Project Information

**Project ID:** RP-143-08  
**Name:** SAUK PRAIRIE RIVER PROJECTS ASSOC. LTD: Lower Wisconsin River-Fisheries Education Project  
**Type:** River Grant  
**Subtype:** River Planning Grant  
**Status:** COMPLETE  
**Start Date:** 07/01/2007  
**End Date:** 06/30/2009  
**Purpose:** The primary goal of this project is to produce and distribute an educational poster about the unusual and rare nongame fish species found in various Lower Wisconsin River sloughs. Information collected from the sampling conducted in backwater sloughs (see RP-141-08) will be incorporated into the final poster and widely distributed.

Please note: Final report deliverables help us ensure that the grant has been satisfactorily completed, and that state dollars are being spent wisely. Every deliverable, no matter how minor, must be completed in order to receive full reimbursement for the state share of costs. Ranking questions used to obtain this award, and specific deliverables mentioned in your grant description, constitute final report deliverables. If any deliverable is not adequately provided in the final report, only partial reimbursement, at the department's discretion, will be made. The only exception will be if there is a well-justified and department-approved scope amendment. If you have any question about what a specific ranking question or other deliverable means, please contact your river coordinator BEFORE you sign this agreement.
