

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: AEPP-103-08
Name: TOWN OF ROCKLAND: Town of Rockland Long Lake APM Planning Project
Type: Aquatic Invasives Grant
Subtype: Aquatic Invasives Education
Status: COMPLETE
Start Date: 10/01/2007
End Date: 06/30/2010
Purpose: The Town of Rockland, on behalf of the Long Lake Association, proposes to conduct an aquatic invasive species (AIS) education, prevention, planning and control project during the period of October 2007 - December 2009. The project elements and deliverables are specified in the Town of Rockland's Aquatic Invasive Species Control Grant application, dated July 09, 2007. The project includes; implement a new aquatic plant management plan that builds upon the plan of 04/20/06. This plan would produce an informational meeting, stakeholder survey, planning meeting, wrap-up meeting, aquatic plant surveys, spring aquatic invasive plant survey, comprehensive survey, and native and non-native aquatic plant community mapping; implement a clean boats "clean waters program" program. Watercraft inspection records will be entered into the State's online Watercraft Inspection Database. The final report will include the Long Lake Association Aquatic Plant Management Plan that conforms to guidance found in the DNR/UW-Extension publication, "Aquatic Plant Management in Wisconsin". If consultant is to provide the final report, it is recommended the Grantee provide the DNR Aquatic Invasive Species Coordinator with a draft for comment on report adequacy prior to making final. A mid-term progress report and a final report summarizing the two-year project will be provided to DNR.

Objective:
Comments: Grantee is TOWN OF ROCKLAND
