

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: AEPP59319
Name: UPPER SUGAR RIVER WATERSHED ASSOCIATION: AIS Boots-on-the-Ground North
Type: Aquatic Invasives Grant
Subtype: Aquatic Invasives Education
Status: ACTIVE
Start Date: 02/15/2019
End Date: 12/31/2021
Purpose: Friends of the Upper Sugar River Watershed will build partnerships and provide AIS education, prevention and control services in the 4-county area (Grant, Green, Iowa, Lafayette and Western Dane) and act as the AIS rapid response liaison with DNR.

Project final deliverables include: New AIS specimens vouchered according to DNR protocol; all data collected entered into DNR\2019s SWIMs database; final report documenting achievement of each activity, dates, meeting minutes and number of attendees from training events, # signs posted, documentation of location where boot cleaning stations installed.

Specific project activities include: Train volunteers on Project Red, Host Weed ID Workshop, and take part in statewide AIS campaigns like CBCW, etc; provide training to local government professionals and commercial businesses on topics like bmps for mowing and road construction, and native versus exotic plants; implement water garden AIS awareness campaign; monitor, voucher and report AIS and implement control especially in the West Fork Kickapoo river corridor; install signs and boot brush stations

This scope summarizes the project detail provided in the application and does not negate tasks/deliverables described therein.

If consultant is to provide a final report, it is recommended that Grantee provide DNR Lakes Coordinator with a draft for comment on report adequacy prior to making final payment to the consultant. Data, records, and reports, including GIS-based maps, and digital images, must be submitted to the department in electronic format to the regional Lakes Coordinator along with, or prior to, submission of grantee\2019s final payment request.

Objective:
Comments: Grantee is UPPER SUGAR RIVER WATERSHED ASSOCIATION
Outcome:
Study Design:
QA Measures:
