

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: Nature_Conservancy_WT_01
Name: Nature Conservancy Chequamegon Bay Watershed Guide
Type: Great Lakes Grant Project
Subtype: Great Lakes Information and Indicators
Status: COMPLETE
Start Date: 01/01/2002
End Date: 12/31/2009
Purpose: The watershed guide is intended to inform landowners throughout the entire watershed of how individual actions play an important part in the Watershed's health in order to protect the waters that flow through the watershed and ultimately into Chequamegon Bay. After reading the Watershed Guide, landowners who live on the Chequamegon Bay to 30 miles away from the Bay will be able to identify with each other and realize how they can affect the Watershed. They will have a better understanding of it's processes and the uniqueness it provides to the area. Individuals reading the guide will also be informed of case studies of local citizen efforts that have been made on watersheds in the area.
