

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: LPL-1210-08
Name: BASS LAKE REHABILITATION DISTRICT: Bass Plan Update
Type: Lakes Grant
Subtype: Large Scale Lake Planning
Status: COMPLETE
Start Date: 04/01/2008
End Date: 06/30/2010
Purpose: The Bass Lake Rehabilitation District proposes to develop a plan to improve water quality, habitat and recreational use of Bass Lake in St. Croix County. Major project elements to include: 1) formation of planning team, 2) sociological survey, 3) review of existing data and ordinances 4) land use mapping, 5) plan development.
Objective:

2008 Bass Lake Survey Results	2008 Bass Lake Survey Results	Bass Lake Rehabilitation District		
Bass Lake Grant Project Scope	Bass Lake is located in St. Croix County in the townships of Somerset and St. Joseph, approximately 50 miles east of the Minneapolis-St. Paul metropolitan area in Minnesota. It is a long, narrow 441 acre lake, with a maximum depth of 38 ft. It has an immediate watershed area of 1397 acres. The land uses within the watershed are agriculture and rural residential. Bass Lake is listed by the WI DNR as an Outstanding Resource Water.	Bass Lake Rehabilitation District		
Bass Lake Management Plan 2009	Bass Lake is an Outstanding Resource Water enjoyed by many residents and visitors. In an effort to protect this resource, the Bass Lake Rehabilitation District (BLRD) worked with the WI Department of Natural Resources and St. Croix County Land & Water Conservation Department (LWCD) to write the Bass Lake Management Plan. The writing of this plan included surveying lake residents, gathering watershed land use information, and research of past and on-going studies on Bass Lake. These studies included information on water quality, shoreland habitat, aquatic habitat, aquatic invasive species, and lake levels. The following goals and objectives are derived from the values and concerns of the members and residents of the Bass Lake Rehabilitation District and the science evaluating the health of Bass Lake.	Bass Lake Rehabilitation District; St. Croix County Land & Water Conservation Department; St. Croix County Sportsmen's Alliance; WI Department of Natural Resources	06/10/2009	
Bass Lake Rehabilitation District Strategic Plan 2006 - 2010	Lake Rehabilitation Districts were created in Wisconsin in 1973 to protect environmental values, wildlife, public rights in navigable waters because these were determined to be threatened by the deterioration of public lakes. Bass Lake Rehabilitation District (BLRD) has a	Bass Lake Rehabilitation District
