

## Wisconsin Department of Natural Resources SWIMS Project Summary

### General Project Information

**Project ID:** RP-164-09  
**Name:** DANE COUNTY: Water Resources Practicum-Yahara River Basin  
**Type:** River Grant  
**Subtype:** River Planning Grant  
**Status:** COMPLETE  
**Start Date:** 07/01/2008  
**End Date:** 09/30/2010  
**Purpose:** The Dane County Office of Lakes and Watersheds will sponsor a project involving the UW Water Resource Management graduate class. This class will assist in the assessment and modeling of sediment and phosphorus in the Yahara River and its tributaries. Additionally, this class will also identify and design the most promising strategies for reducing these pollutants. Project deliverables will include a final report and public presentation of the findings.  
**Objective:**  
**Comments:** Grantee is DANE COUNTY  
**Outcome:**  
**Study Design:**  
**QA Measures:**

Project Deliverable	The Dane County Office of Lakes and Watersheds will sponsor a project involving the UW Water Resource Management graduate class. This class will assist in the assessment and modeling of sediment and phosphorus in the Yahara River and its tributaries. Additionally, this class will also identify and design the most promising strategies for reducing these pollutants. Project deliverables will include a final report and public presentation of the findings.	07/01/2008	09/30/2010	COMPLETE
Hold Workshops	The Dane County Office of Lakes and Watersheds will sponsor a project involving the UW Water Resource Management graduate class. This class will assist in the assessment and modeling of sediment and phosphorus in the Yahara River and its tributaries. Additionally, this class will also identify and design the most promising strategies for reducing these pollutants. Project deliverables will include a final report and public presentation of the findings.	07/01/2008	09/30/2010	COMPLETE

## Wisconsin Department of Natural Resources SWIMS Project Summary

Action	Detailed Description	Start	End Date	Status
Grant Awarded	The Dane County Office of Lakes and Watersheds will sponsor a project involving the UW Water Resource Management graduate class. This class will assist in the assessment and modeling of sediment and phosphorus in the Yahara River and its tributaries. Additionally, this class will also identify and design the most promising strategies for reducing these pollutants. Project deliverables will include a final report and public presentation of the findings.	07/01/2008	09/30/2010	COMPLETE
Monitor Water Quality or Sediment	The Dane County Office of Lakes and Watersheds will sponsor a project involving the UW Water Resource Management graduate class. This class will assist in the assessment and modeling of sediment and phosphorus in the Yahara River and its tributaries. Additionally, this class will also identify and design the most promising strategies for reducing these pollutants. Project deliverables will include a final report and public presentation of the findings.	07/01/2008	09/30/2010	COMPLETE
Rivers Planning Grant	The Dane County Office of Lakes and Watersheds will sponsor a project involving the UW Water Resource Management graduate class. This class will assist in the assessment and modeling of sediment and phosphorus in the Yahara River and its tributaries. Additionally, this class will also identify and design the most promising strategies for reducing these pollutants. Project deliverables will include a final report and public presentation of the findings.	07/01/2008	09/30/2010	COMPLETE
Informational Meetings	The Dane County Office of Lakes and Watersheds will sponsor a project involving the UW Water Resource Management graduate class. This class will assist in the assessment and modeling of sediment and phosphorus in the Yahara River and its tributaries. Additionally, this class will also identify and design the most promising strategies for reducing these pollutants. Project deliverables will include a final report and public presentation of the findings.	07/01/2008	09/30/2010	COMPLETE
