

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: RP-184-10
Name: BAYFIELD REGIONAL CONSERVANCY: Conservation Planning for the Lake Superior Watershed, Douglas County
Type: River Grant
Subtype: River Planning Grant
Status: COMPLETE
Start Date: 07/01/2009
End Date: 12/31/2010

Purpose: The Bayfield Regional Conservancy is sponsoring a project to develop a conservation plan (Plan) in Douglas County\2019s Lake Superior Watershed. The project will collect/review information about conservation values in the watershed; synthesize the info into the Plan; build a network with resource professionals and the local community; and prioritize priority conservation areas and strategies. Information, education, and outreach materials will be developed. The Plan will include GIS-based maps and information. An Executive Summary and outreach tool that explains conservation priority areas will accompany the Plan.

The final deliverables include: the Plan, Executive Summary, and outreach tool and associated GIS maps, digital images and I & E materials.

This scope is intended to summarize the detailed project scope provided in the application and does not supersede those application tasks/deliverables. Data, records, reports, and education materials, including GIS-based maps and digital images, must be submitted to the Department in a format specified by the regional lake coordinator.
