

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: SPL-235-10
Name: CLAM LAKE P & R DISTRICT: Wild Rice Seed Enumeration Study
Type: Lakes Grant
Subtype: Small Scale Lake Planning
Status: COMPLETE
Start Date: 04/01/2010
End Date: 12/31/2010
Purpose: Clam Lakes Protection and Rehabilitation District is sponsoring a Wild Rice Enumeration Study to take sediment samples of the Clam River Flowage, Upper and Lower Clam, Long, and Brill Lakes to quantify the presence wild rice seed in the sediment of those lakes.

Specific deliverables for this project include all results, raw data, GIS files, maps of sample sites, and reports developed.

This scope summarizes the project detail provided in the application and does not negate tasks/deliverables described therein. Data, records, and reports, including GIS-based maps, and digital images, must be submitted to the Department in a format specified by the regional Lake Coordinator.

Objective:
Comments: Grantee is CLAM LAKE P & R DISTRICT
Outcome:
Study Design:
QA Measures:
