

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: LPT-365-11
Name: LAKE RIPLEY MANAGEMENT DISTRICT: RES-Hoard-Curtis Scout Camp Lkshore Rest.
Type: Lakes Grant
Subtype: Lake Protection Grant
Status: COMPLETE
Start Date: 09/01/2010
End Date: 12/31/2011
Purpose: Lake Ripley Management District proposes to undertake a shoreline stabilization and restoration project at the Hoard-Curtis Scout Camp shoreline on Lake Ripley, Jefferson County. They will install riprap off-shore of the existing shoreline (DNR permit already issued), plant aquatic plants inland of that riprap, and do upland seeding (to supplement previously completed plug plantings) after invasive weed and brush removal. The deliverable for this project will consist of a final written report describing the major steps in the project, supplemented with photo documentation of the work in progress and the final, complete project. Copies of publicity used during the project should be attached as well. Specific deliverables of the project (that is, detailed description of the restoration project) are contained within the grant application scope on page 4.

Objective:
Comments: Grantee is LAKE RIPLEY MANAGEMENT DISTRICT
Outcome:
Study Design:
QA Measures:

Final Report [Hoard-Curtis Scout Camp Lakeshore Restoration]	Phase I of the Hoard-Curtis Scout Camp's lakeshore restoration started on September 7, 2010, and was completed on October 5, 2010. This phase entailed protecting 870 feet of eroding shoreline through the installation of rock riprap. Phases II - IV of the Hoard-Curtis Scout Camp's lakeshore restoration started in October of 2010, and wrapped up in November of 2011. These phases included invasive brush removal, tree thinning, inter-seeding spreading, erosion matting, aquatic emergent shoreline plantings, and public outreach.
