

## Wisconsin Department of Natural Resources SWIMS Project Summary

### General Project Information

**Project ID:** RP-215-12  
**Name:** NORTHWOODS LAND TRUST, INC.: Florence County River Conservation Project  
**Type:** River Grant  
**Subtype:** River Planning Grant  
**Status:** COMPLETE  
**Start Date:** 07/01/2011  
**End Date:** 12/31/2013  
**Purpose:** Northwood\2019s Land Trust, Inc. proposes to conduct a direct mail education campaign with all property owners on the priority river and stream segments in Florence County that were identified by the DNR Northern Rivers Initiative. An information packet will be provided highlighting voluntary conservation options those property owners can utilize to protect the priority stream corridors. Those options include conservation easements, land donation, land registry and conservation buyer programs. Individual on site property assessments and conservation planning will be conducted with any landowners who express interest.

The project includes the following goals: 1) Direct mail information packets describing voluntary conservation options private landowners can utilize to protect their properties. This information will include how the options can protect land while also providing income, estate and other tax benefits to landowners. The mailing will include all private property owners with at least 500 feet of natural shoreline on these priority river segments; 2) Conduct on-site follow-up contacts with interested landowners as generated by mailing and media publicity; 3) Encourage interested landowners to voluntarily enter into perpetual land protection agreements or utilize other land protection tools to protect their priority river/stream segments.

Project deliverables include: 1) Copies of color GIS maps of each of the towns with digitized parcel maps will be provided to illustrate the parcels/landowners identified within 500 + feet of existing natural shoreline frontage; 2) A generalized listing of Florence County landowner follow-up contacts by program type will be provided.

The WDNR will be provided electronic and hard copies of all data and or reports/plans generated as a result of this project.

**Objective:**  
**Comments:** Grantee is NORTHWOODS LAND TRUST, INC.  
**Outcome:**  
**Study Design:**  
**QA Measures:**
