

Wisconsin Department of Natural Resources SWIMS Project Summary

General Project Information

Project ID: AEPP-344-12
Name: CITY OF CUMBERLAND: 2012 Beaver Dam Lake Boat Monitoring Program
Type: Aquatic Invasives Grant
Subtype: Aquatic Invasives Education
Status: COMPLETE
Start Date: 04/01/2012
End Date: 12/31/2012
Purpose: The City of Cumberland is sponsoring an AIS project on Beaver Dam Lake including a Clean Boat/Clean Water boat inspection and education program.

Deliverables include: 1) Final report summarizing accomplishments/progress of the project; 2) a Watercraft Inspection report including time and number of people reached and CB/CW survey results. Daily CB/CW results will be entered into the DNR SWIMS database; 3) AIS related materials generated or paid for by this grant.

Special project conditions: The project sponsor shall immediately contact the DNR in the event of a new aquatic invasive species infestation.

This scope summarizes the project detail provided in the application and does not negate tasks/deliverables described therein. Data, records, and reports, including GIS-based maps and digital images, must be submitted to the Department in a format specified by the AIS Coordinator. It is recommended that Grantee provide AIS Coordinator with a draft final report. The DNR shall receive a paper and electronic copy of the final report. If consultant is to provide final report, it is recommended that Grantee provide DNR AIS Coordinator with a draft for comment on report adequacy prior to making final payment to the consultant.

Objective:
Comments: Grantee is CITY OF CUMBERLAND
