Cedar Lake LMP	This comprehensive lake management plan establishes strategic direction for Cedar Lake. The Cedar Lake Protection and Rehabilitation District (the Lake District) initiated the project with guidance from the Wisconsin Department of Natural Resources (DNR). Lake and community residents representing a variety of civic groups, local governments, and businesses made up the Advisory Committee. A Lake Protection Grant from the DNR funded the lake study and a Lake Planning Grant partially funded the lake management plan development. The Lake District provided remaining funding.	William F.
