General Project Information

Project ID: SPL-339-14
Name: VILLAGE OF LAKE DELTON: Lake Delton AP Survey
Type: Lakes Grant
Subtype: Small Scale Lake Planning
Status: COMPLETE
Start Date: 04/01/2014
End Date: 12/31/2015
Purpose: The Village of Lake Delton proposes to update the Lake Delton APM plan by following current lakes partnership guidance. A summer plant survey will be conducted, voucher specimens of plant species present will be preserved, and management options reviewed with the public, including costs, benefits and drawbacks. Final recommendations will be presented in the plan, and the plan will be made available at the local library and presented at an organized public lake meeting.

APM Checklist	A checklist for APM of Lake Delton.		01/01/2017	
Aquatic Macrophyte Survey	A technical survey of aquatic plant density and distribution is essential for understanding the lake ecosystem due to the major ecological role they play and the sensitivity to water quality parameters that plants require (Dennison et al, 1993). The quantitative survey performed in 2014 will provide some useful information toward future management of Lake Delton, including fish habitat improvement, sensitive species protection, aquatic plant management, and water resource regulation.
